Dear Investor,

On behalf of Clime Capital Limited (**Company or CAM**), I am pleased to invite you to participate in an offer of unsecured, redeemable, convertible notes with a term expiring 30 November 2028 (a term of approximately 3 years) and a fixed interest rate of 6.5% per annum payable monthly in arrears (**CAM Notes**) (**Offer**).

Each CAM Note will have a Face Value of \$1.00 and can be convertible into one fully paid ordinary share in the capital of the Company. The Company is a listed investment company and its ordinary shares are listed on the ASX (ASX: CAM).

Ord Minnett Limited has been appointed as lead manager to the Offer.

The Company intends to raise up to \$14,000,000 by undertaking the Offer. The total number of CAM Notes issued under this Prospectus will depend on the number of existing Notes which remain on issue after 31 August 2025. The Company intends to issue only those number of new CAM Notes so that the total CAM Notes on issue is capped at 35 million.

The Offer is made up of the Priority Offer and the Broker Firm Offer.

The Priority Offer is open to any eligible person who has a registered address in Australia or New Zealand and who:

- is a current Shareholder or Noteholder in CAM;

The Board intends to give priority under the Priority Offer to persons who were Noteholders and Shareholders as at 5.00pm on 31 July 2025.

The Broker Firm Offer under this Prospectus is open to Australian and New Zealand clients of the Lead Manager and Participating Brokers.

The Company intends to use the proceeds of the Offer to fund redemptions (and payment of accrued interest) of existing Notes and to fund further investments in securities on the ASX, recognised international exchanges and selected unlisted investments in accordance with the Company's existing strategy.

It is the intention of the Company that the Notes will be quoted on ASX, and application will be made to list the CAM Notes on ASX under the same ASX Code as the Company's existing Notes (ASX: CAMG).

The Offer is scheduled to close on Monday, 25 August 2025.

Full details of the Offer, including the terms of issue of the CAM Notes, the effect of the Offer on the Company, and the risks associated with an investment in the CAM Notes, are set out in this

GUIDANCE FOR RETAIL INVESTORS

The Notes are ‘unsecured notes’ for the purposes of section 283BH of the Corporations Act.

If you are considering applying for any CAM Notes under the Offer, this Prospectus is important and should be read in its entirety before making an Application. In particular you should have regard to:

- ‘Key features of the Offer’ and the ‘Key terms of the CAM Notes’ in Section 1 and information about ‘CAM’ in Section 2;
- ‘Risk factors’ in Section 4; and
- ‘CAM Note Terms’ in Section 9.

You should carefully consider the risks and other information regarding an investment in CAM Notes and CAM in light of your investment objectives, financial situation and particular needs (including financial and taxation issues).

Speak to your professional adviser

CAM Notes are a complex investment and may be difficult to understand, even for experienced investors, and involve different risks from a simple debt or ordinary equity security. You should ensure that you understand the CAM Note Terms and risks of investing in CAM Notes and consider whether CAM Notes are an appropriate investment for your particular circumstances.

CAM recommends that you seek guidance from your licensed financial adviser or other professional adviser before deciding whether to invest. ASIC has published guidance on how to choose a licensed financial adviser on its MoneySmart website. You can read this guidance by searching for the term ‘choosing a Financial Adviser’ at www.moneysmart.gov.au.

Consider the ASIC guidance for retail investors

ASIC has published guidance on its MoneySmart website which may be relevant to your consideration of whether to invest in CAM Notes – namely, information for retail investors who are considering investing in hybrid securities. You can find this guidance by searching ‘hybrid securities’ at www.moneysmart.gov.au. ASIC’s guidance includes a series of questions you should ask before you invest in hybrid securities, and a short quiz you can complete to check your understanding of how hybrids work, their features and the risks of investing in them.

Obtain further information about CAM

CAM is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules. CAM must notify ASX immediately (subject to certain exceptions) if it becomes aware of information about it that a reasonable person would expect to have a material effect on the price or value of its securities. While the CAM Notes are on issue, CAM will also produce quarterly reports about the CAM Notes that are provided to ASIC and the Trustee in accordance with the requirements of section 283BF of the Corporations Act (283BF Report).

Copies of documents lodged with ASIC, which are publicly available, can be obtained from ASIC’s website at www.asic.gov.au (a fee may apply) and CAM’s ASX announcements may be viewed at www.asx.com.au.

1.4. Key risks associated with CAM Notes

Key Risks of the CAM Notes	
<p><i>There are a number of risks associated with an investment in the CAM Notes. To understand these risks, you should read Section 4 of the Prospectus before deciding whether to invest.</i></p>	
Key risks associated with Company's business	<p>The risks associated with the Company's business include the following:</p> <ul style="list-style-type: none"> (a) Investment risk: there is a risk that the value of the Company's investment portfolio, and therefore the value of its assets, will fall in value over the short or long term or may experience sustained periods of poor investment performance. The Company's securities may trade on ASX at a discount to the net asset value of the investment portfolio on a per security basis and the performance of the Company's securities may not be correlated with the performance of the Company's investment portfolio. (b) Securities risk: As with any investment in listed securities, the market price of the Company's Shares or any other securities may be adversely affected by changing circumstances or events.

	<p>(c) Reliance on key personnel: The loss or departure of one or more key personnel (including the Directors or key executives of the Company or the Investment Manager) and/or the inability to hire effective replacements may have a material adverse effect on the Company's performance or ability to grow.</p> <p>(d) Investment Manager and management company risk: The Company's success and profitability depends heavily on the ability of its Investment Manager to construct an investment portfolio that increases over time and delivers income. There is a risk that the Investment Manager may not effectively manage the investment portfolio or may advise the investment portfolio in a manner that does not consistently meet the investments objectives of the Company over time. The past performance of the portfolios managed by the Investment Manager (and persons associated with the Investment Manager) is not necessarily a guide to future performance of the Company. Under the Investment Management Agreement the Investment Manager is appointed as manager until the expiry of the current term (currently on 4 February 2029), unless the agreement is terminated earlier.</p> <p>(e) Compliance with and changes to financial services legislation and regulation: The Investment Manager operates under an AFSL and is subject to the regulatory regime associated with carrying on a business pursuant to that AFSL. There may be adverse material effects on the Investment Manager if it does not or cannot comply with the necessary laws and regulations, including exposure to fines, penalties, or loss of AFSL authorisation. These may in turn have a material adverse effect on the Company's financial performance and future prospects.</p> <p>(f) Future capital raisings: There is no assurance that the Company will not need to raise additional capital to fully exploit future business opportunities available to it. There can be no assurance that the Company will be able to raise such capital on favourable terms (if at all) or, if it is able to raise capital, that it will be able to invest that capital efficiently. If the Company is unable to obtain or invest such additional capital, the Company may be required to reduce the scope of its investment activities or forgo an investment opportunity which could adversely affects its business, financial condition, and results of operation.</p>
Key risks associated with CAM Notes	<p>The key risks associated with the CAM Notes include the following:</p> <p>(a) Market price: The market price of CAM Notes may fluctuate due to various factors that affect financial market conditions or factors relating to the Company. There may be volatility in the market price of CAM Notes and this may result in a market price below the Issue Price of \$1.00 per CAM Note. If you wish to sell your CAM Notes, you may have to do so at a price which is below your</p>

	<p>expectation, or you may not be able to sell them at all if insufficient liquidity exists in the market for CAM Notes;</p> <p>(b) Exit rights: As a Noteholder, the CAM Note Terms provide you with specific exit rights (including Conversion into Shares at the election of the Noteholder) prior to the Maturity Date. In addition, CAM Notes can be realised before maturity by a sale on market. As already noted, there is a risk that the sale price on market or by private sale may be less than the Issue Price of \$1.00;</p> <p>(c) Redemption risk: If early Redemption of the Notes occurs (due to an Event of Default by the Company), you may not receive the expected returns on your investment (compared to holding the CAM Notes to maturity);</p> <p>(d) Interest payment risk: The Company may be unable to pay Interest or repay all or any of the money owed on the CAM Notes on time or at all (however, under the CAM Note Terms, default in payment is an Event of Default);</p> <p>(e) Enforcement risk: The Trustee has no obligation to monitor the Company's financial position, including the capacity of the Company to fulfil its obligations in relation to the CAM Notes; and</p> <p>(f) Liquidity risk: there can be no guarantee that an active and liquid market for the Company's Shares and Notes will develop or be maintained.</p>
General risks	<p>The above risks are not an exhaustive list of the potential risks faced by Noteholders. There are a number of general commercial risk factors and general market risks that could adversely affect the Company's financial performance, position or prospects. You should carefully consider all the risk factors set out in Sections 4.1 to 4.4 before deciding to invest in CAM Notes.</p>

2. CLIME CAPITAL LIMITED – THE BUSINESS

2.1. Company overview

CAM is a listed investment company (**LIC**) quoted on the ASX.

Investing in CAM provides investors with access to a portfolio primarily investing in listed Australian securities. The Company provides investors in Shares with access to a diversified Australian investment portfolio. As a LIC, the Company's purpose is to deliver value to its shareholders based upon the Company's corporate values of integrity, transparency, conviction and progress.

The portfolio is managed by Clime Asset Management Pty Limited (ACN 098 420 770) (**Investment Manager**) which has a strong funds management investment team.

The Company invests in quality companies that have financial and governance integrity but only when the Company can buy the stocks at a reasonable price.

The portfolio of investments comprises investments in well managed companies whose operations cover a wide spectrum of business activities and is constructed from the perspective of a business owner and not simply by tracking the index weighting of various index component stocks.

2.2. Investment objectives and process

CAM's active management style is focused on generating a yield from its portfolio from two main sources:

- (a) First – the receipt of dividends (targeting fully franked) from the portfolio.
- (b) Second – the net realisation of capital gains that create tax payments that add to the Company's franking balance.

By dynamically and consistently adjusting portfolio positioning, the Investment Manager seeks to adjust asset allocations with the aim of generating a consistent and steadily growing income return without exposing the portfolio to excessive capital risk.

CAM's investment focused is value based and aims to:

- (a) prudently manage the portfolio to generate returns that support a steadily growing dividend stream;
- (c) target dividends and dividend growth that is more than the dividend yield (including franking) of the ASX;
- (d) maintain the payment of dividends; and
- (e) manage the portfolio to support or steadily grow capital value.

Accordingly, CAM has delivered a dividend payment yield that has been consistently higher than that achieved by the ASX All Ordinaries Index.

- (f) changes in investor sentiment and perceptions in local and international stock markets;
- (g) changes in interest, exchange and inflation rates;
- (h) changes in domestic or international fiscal, monetary, regulatory and other government policies, including changes to the taxation of company income and gains and the dividend imputation system in Australia, changes in other general world, economic and political factors may also adversely affect the Company, its future earnings and capital appreciation of the Company's investments; and
- (i) geo-political conditions such as acts or threats of terrorism, military conflicts or international hostilities.

In addition, investors should be aware that there are risks associated with any investment in securities. Prospective investors should recognise that the trading price of the CAM Notes and Shares may fall as well as rise with movements in the equity capital markets in Australia and internationally.

It should be noted that there is no guarantee that the CAM Notes will trade at or above their Face Value or that the Shares (issued on Conversion of Notes) will trade at or above the Conversion Price. It should also be noted that the historic share price performance of the Shares provides no guidance as to the future market price of the Shares or the likely trading price of the CAM Notes.

4.3. Specific Company risks

Key risks relating to the Company are set out below. It is not, however, possible to describe all the risks to which the Company may become subject, and which may impact adversely on the Company's prospects and performance. Specific risk factors which may have a significant impact on the future performance of the Company include the following:

Investment Manager and investment company risk

The Company's success and profitability depends heavily on the ability of its investment manager to construct an investment portfolio that increases over time and delivers income. The Investment Manager may not effectively manage the investment portfolio or may advise the company in a manner that does not consistently meet the company's investment objectives over time. The past performance of portfolios managed by the Investment Manager, and persons associated with the Investment Manager, are not necessarily a guide to future performance of the Company or the Company's investment portfolio.

If the Investment Manager, or a key employee of the Investment Manager ceases to manage the investment portfolio, or the Investment Management Agreement is terminated, the Company will need to identify and engage a suitably qualified and experienced investment manager to ensure that the investment portfolio continues to meet the company's investment objectives. The term of the current agreement with the Investment Manager will expire on 4 February 2029.

While the Investment Manager will seek to mitigate the risks that may adversely affect its investment performance or its investment decisions, there can be no guarantee that the Investment Manager will achieve any particular investment return or yield within the Company's investment portfolio.

Investment risk

There is a risk that the Company's investment portfolio will fall in value over the short or long term or may experience sustained periods of poor investment performance, or fail to meet the Company's investment objectives. Individual security prices may fluctuate and under perform other asset classes over time. Investors in the Company are exposed to this risk through both their holdings in securities in the Company and through the Company's investment in equity assets.

The Company's securities may trade on ASX at a discount to the net asset value of the investment portfolio on a per security basis and the performance of the Company's securities may not be correlated with the performance of the Company's investment portfolio.

Performance fee structure risk

The Investment Manager may receive performance fees based on the performance of the Company's portfolio. These performance fee arrangements may create an incentive for the Investment Manager to make more speculative or higher risk investments than would be the case in the absence of such a fee.

Securities risk

There are risks associated with any investment in listed securities. The market price of listed securities is affected by numerous factors including hostilities, tension and acts of terrorism, general investor sentiment and the movement of prices on local and international share markets. As a consequence, securities carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those securities. Share markets tend to move in cycles, and individual share prices may fluctuate and underperform other asset classes over extended periods of time. Shareholders in the Company are exposed to this risk through their holding of Shares and Notes, as well as through the company's investment portfolio.

Key Personnel risk

The performance of the Company is highly dependent on a number of highly skilled personnel, including the directors and the Investment Manager. The loss or departure of one or more key personnel and/or the inability to hire new personnel, may have a material adverse effect on the Company's performance or ability to grow.

Compliance with and changes to financial services legislation and regulation

The financial services industry is highly regulated in Australia. The Investment Manager operates under an AFSL and is subject to the regulatory regime associated with carrying on business pursuant to that AFSL. If the Investment Manager does not or cannot comply with the necessary laws and regulations, it may be exposed to fines, penalties or loss of its AFSL authorisation, which may alone or in combination have a material adverse effect on the Investment Manager's ability to operate as a fund manager, and therefore its financial performance and reputation. As a consequence, these factors may have a material adverse effect on the Company's financial performance and future prospects.

Further capital requirements of the Company

There is no assurance that the Company will not need to raise additional capital to fully exploit future business opportunities available to it. There can be no assurance that the Company will be able to raise such capital on favourable terms (if at all) or, if it is able to raise capital, that it will be able to invest that capital efficiently. If the Company is unable to obtain or invest such additional capital, the Company may be required to reduce the scope of its investment activities or forgo an investment opportunity which could adversely affect its business, financial condition and results of operation.

4.4. Risks associated with investing in CAM Notes

CAM Notes are complex instruments and may not be suitable investment for all investors

Each potential investor in the CAM Notes must determine the suitability of that investment in light of their own circumstances. A potential investor should not invest in the CAM Notes unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the CAM Notes will perform under changing conditions, the resulting effects in the value of such CAM Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Interest payments

The Company expects to make interest payments using available cash balances and cash flow from its operations. If CAM's investments do not perform as expected by CAM, there is a risk that CAM would be unable to generate sufficient cash balances and cash flows from operations and would in that case have insufficient cash flows to service the monthly interest payments on the CAM Notes. The Company intends to mitigate this risk by ensuring it has cash or liquid interests to make interest payments when due.

The interest payments on the CAM Notes are not guaranteed by the Investment Manager, the Trustee or any other entity.

Redemption risk

The Company expects to be able to redeem the CAM Notes on the Maturity Date using the proceeds from future debt or equity raisings, cash flows from operations or proceeds from the sale of investments. There is a risk that the Company may be unable to procure or raise sufficient cash resources from its operations, future debt or equity raisings and may, in that case, have insufficient cash to redeem the CAM Notes at the Maturity Date (or any earlier date as otherwise required under the Note Terms).

If the Company fails to make interest payments or redeem the CAM Notes when due, the Trustee has certain rights under the Trust Deed and the Note Terms to take enforcement action against the Company. The rights of each Noteholder to enforce the obligations of the Company under the CAM Notes are limited to the exercise of its rights to enforce and seek due administration by the Trustee.

of the Trust Deed. In the event of an early redemption (before the Maturity Date) of CAM Notes due to an Event of Default (as described in the Note Terms contained in Section 9), which includes an insolvency event or Delisting Event occurs in respect of the Company, Noteholders may not receive the returns they expected to achieve on CAM Notes if held until maturity.

Interest rate risk

Interest on the CAM Notes is fixed at 6.5% per annum (payable monthly in arrears). No adjustment will be made to the rate of interest paid to Noteholders as other market-based interest rates rise or fall.

The market price of the CAM Notes on ASX may fluctuate due to changes in interest rates generally, credit spreads on other corporate securities or investor sentiment towards the Company.

Inflation rate risk

An increase in the inflation rate may erode in real terms the value of the capital invested in the CAM Notes.

Financial market conditions

The market price of the CAM Notes will fluctuate due to various factors, including worldwide economic conditions, interest rates, credit spreads on other corporate securities, COVID-19 pandemic (and government responses) related impacts, general movements in the Australian and international equity markets, movements in the market price of Shares, factors which may affect the Company's financial position and earnings and investor sentiment.

The market price of CAM Notes may be more sensitive than that of the Shares to changes in interest rates and, therefore, the CAM Notes could trade on ASX at a price below the Issue Price.

The Shares issued as a result of conversion of any CAM Notes will, following conversion, rank equally with the existing Shares. Accordingly, their value after issue will depend upon the market price of the Shares (which price, compared to the Conversion Price, may rise or fall).

Market price of Shares and Notes

The market price of the Shares may be volatile. The volatility of the market price of the Shares may cause volatility in the price of the CAM Notes and affect the ability of Noteholders to sell their CAM Notes either at all or at an acceptable price. Additionally, this may result in greater volatility in the market price of the CAM Notes than would be expected for non-convertible debt securities. There may be volatility in the market price of CAM Notes, and this may result in a market price below the Issue Price of \$1.00 per CAM Note. If you sell your CAM Notes, you may not be able to do so at an acceptable price or you may not be able to sell at all if insufficient liquidity exists in the market for CAM Notes.

Liquidity

While the Company will seek quotation of the CAM Notes on ASX in order to facilitate on market trading of the CAM Notes, the market for CAM Notes may be less liquid than the market for Shares and, as such, there can be no assurance that Noteholders will be able to buy or sell CAM Notes on ASX.

Ranking

If the Company is wound-up, Noteholders will rank behind secured creditors of the Company and equally with other unsecured creditors and unsubordinated creditors of the Company (other than those mandatorily preferred at law) and ahead of Shareholders.

If there is a shortfall of funds on winding-up, there is a risk that Noteholders will not receive a full (or any) repayment of their money invested in the CAM Notes or payment of unpaid interest.

Conversion

The Shares held by Noteholders following conversion of their CAM Notes will have the same rights as other existing Shares, which are different from the rights attached to the CAM Notes.

The market price of the Shares may fluctuate over time as a result of a number of factors.

Noteholders have no voting rights at Shareholder meetings

There is a risk that Noteholders may be affected by corporate decisions made by CAM. Noteholders have no voting rights or other rights in relation to the Shares until Shares are issued to them on Conversion.

Noteholders have limited anti-dilution protection

While CAM is subject to the constraints of the Listing Rules regarding the percentage of capital that it is able to issue within a 12-month period, any issuance of equity securities by CAM after the offer of the CAM Notes could dilute the interest of the existing shareholders.

CAM may undertake additional offerings of securities in the future. The CAM Note Terms provide for an adjustment to the basis for Conversion in relation to a reorganisation or reconstruction (including consolidation, subdivision, reduction or return) of the issued capital. Refer to the CAM Note Terms contained in Section 9.

Change in the Australian tax system

Prospective investors should be aware that any future changes in Australian tax law, including changes in interpretation or application of the law by the courts or taxation authorities in Australia, may affect the taxation treatment of the acquisition, holding and disposal of Notes and the market price of the Notes.

Enforcement risk

The CAM Note Terms provide that rights under the CAM Note Terms and the Trust Deed may generally only be enforced by the Trustee and not by the Noteholders directly. Noteholders must therefore notify their claims to the Trustee and rely on enforcement by the Trustee, except in certain circumstances where the Trustee has failed to take action after being directed by the Noteholders to do so.

The Trustee is not obliged to take any enforcement action unless it is indemnified and first placed in funds. The Trustee may waive any breach of the Trust Deed except for non-payment of the face value of CAM Notes.

Noteholders may, by Special Resolution, amend the Note Terms in order to waive a breach of the Note Terms or amend by Ordinary Resolution or Special Resolution, depending on the type of modification, the Trust Deed or Note Terms. A large Noteholder may influence the outcome of any such vote.

Investors should carefully read the above risk factors and the other information in the Prospectus concerning the Offer and, if they are unsure in any regard to any aspect of the Offer or the CAM Notes, consult their professional advisers before deciding whether to subscribe for CAM Notes.

5. AUSTRALIAN TAXATION IMPLICATIONS

This section contains a general description of the Australian tax consequences of acquiring, holding, converting or disposing of the CAM Notes.

The description applies only to Noteholders who are individuals who are not otherwise associates of CAM and who acquire, hold and dispose of the CAM Notes on capital account. It does not apply to Noteholders which are companies, trusts or other types of entities and it does not apply to Noteholders who acquire, hold or dispose of the CAM Notes as part of the conduct or carrying on of a business (in any jurisdiction), or who otherwise hold the CAM Notes on revenue account or as trading stock nor to Noteholders who are subject to the taxation of financial arrangements rules contained in Division 230 of the Tax Act in relation to gains and losses on their CAM Notes.

The actual taxation consequences of acquiring, holding and disposing of the CAM Notes will vary depending upon the particular circumstances of each Noteholder. Therefore, prospective Noteholders should obtain independent professional advice relating to their own specific circumstances and they should not rely on the summary below.

This summary assumes that all relevant transactions are carried out in the manner described in this Prospectus and is based upon the law and the commonly understood administrative practices of the Australian Taxation Office (**ATO**) as in effect at the date of this Prospectus. Prospective investors should note that taxation law and its interpretation is subject to change and is open to challenge. Prospective investors should treat the following comments as a guide only. No ruling has been sought from the ATO to confirm the views below.

5.1. CAM Notes as debt interests

The CAM Notes should be 'debt interests' issued by CAM, notwithstanding that the Noteholders will have the right to convert their CAM Notes into Ordinary Shares in CAM in accordance with the CAM Note Terms. Therefore, interest payable on the CAM Notes should not be frankable distributions for tax purposes but treated as interest, as discussed below.

5.2. Australian resident individuals

Payments of interest

Payments of interest in respect of the CAM Notes should be included in the assessable income of Noteholders who are residents of Australia for Australian income tax purposes, generally in the year of income in which the payments are received.

Noteholders are not required to quote their tax file number to CAM in connection with their acquisition of the CAM Notes, but CAM may be required to withhold and remit to the ATO a portion (currently 47%) of any interest payable on the CAM Notes to a Noteholder who has not validly quoted their tax file number in connection with their acquisition of the CAM Notes (or provided evidence of an applicable exemption from withholding). Where withholding is required, the Noteholder would be entitled to claim from the ATO a credit for the amount which CAM withheld from that Noteholder and remitted to the ATO.

No additional amounts are payable to a Noteholder if withholding is required because that Noteholder did not validly quote a tax file number or provide evidence of an applicable exemption.

Sale or redemption of CAM Notes

The CAM Notes held by Australian resident individuals should be subject to the rules applicable to traditional securities because the CAM Notes would not be issued at a discount to their face value, nor would they have any deferred income features such as indexation of invested capital.

Therefore, any gain made on the sale or redemption of the CAM Notes (where the amount received on sale or redemption exceeds the cost of subscribing for or purchasing the CAM Notes), should be included in the assessable income of the Australian resident Noteholder, usually in the year of income in which the Noteholder becomes entitled to receive the proceeds of sale or the redemption amount. In those circumstances, the gain would generally not be subject to the capital gains tax (CGT) provisions and the CGT discount would not apply, even if the CAM Notes were held for more than 12 months.

Any loss made by an Australian resident individual Noteholder from the sale or redemption of the CAM Notes (where the amount received on sale or redemption is less than the cost of subscribing for or purchasing the CAM Notes) should generally be an allowable deduction, subject to certain exceptions, usually in the year of income in which the Noteholder becomes entitled to receive the proceeds of sale or the redemption amount. Noteholders should seek their own advice regarding their entitlement to a deduction for any loss made from the sale or redemption of the CAM Notes.

Conversion to Ordinary Shares

A Noteholder of a CAM Note may request Conversion of the CAM Note into Ordinary Shares. The Conversion would generally be ignored for the purposes of both the traditional securities rules described above and the CGT rules, such that there will be no taxing point (and no loss) at the time of Conversion under those rules. Instead, the Ordinary Shares acquired pursuant to the Conversion will be treated as having a cost base that is, in broad terms, equal to the cost base of the CAM Notes at the time of Conversion, plus any amount paid on Conversion (where applicable).

Any gain or loss on the ultimate disposal of the Ordinary Shares held on capital account will be subject to the CGT provisions.

A Noteholder will be taken to have acquired the Ordinary Shares acquired pursuant to a Conversion at the time of the Conversion. The acquisition date of the Ordinary Shares does not go back to the date of the acquisition of the CAM Notes. Therefore, the Ordinary Shares would need to be held for a further 12 months from the time of Conversion in order to be eligible for any available CGT discount. Noteholders should seek their own advice regarding their entitlement to the CGT discount upon an ultimate disposal of any Ordinary Shares acquired pursuant to a Conversion.

5.3. Other taxes

Noteholders will generally not be subject to any Australian goods and services tax or stamp duties in any Australian State or Territory in respect of their acquisition, holding, sale, redemption or Conversion of CAM Notes or the receipt of interest payable on CAM Notes.

6. MATERIAL AGREEMENTS

6.1. Key documents

The Board considers that certain agreements relating to CAM are significant to the Offer, the operations of CAM or may be relevant to investors. A description of material agreements or arrangements, together with a summary of the more important details of each of these agreements is set out below.

6.2. Investment Management Agreement

The management of the Company's investment portfolio is undertaken by the Investment Manager, Clime Asset Management Pty Ltd pursuant to the Investment Management Agreement between the Company and the Investment Manager.

Mr. John Abernethy is the Chairman of the Investment Manager (a wholly-owned subsidiary of ASX listed company Clime Investment Management Limited). Clime Asset Management Pty Ltd receives management and performance fees as remuneration for managing the Company's investment portfolio.

The investment management agreement entered into by the Company with the Investment Manager is for an initial period of 25 years and commenced on 2 February 2004, the date of listing of CAM on ASX.

The Investment Manager is entitled to a monthly base fee calculated as 0.08334% (excluding GST) of the market value of all assets of the Company's portfolio less total indebtedness of the Company, calculated on the last Business Day of each month and payable monthly in arrears.

The Investment Manager is also entitled to a performance fee calculated as 20% (excluding GST) of the amount by which the absolute dollar value of the investment performance (after deducting the base fee) exceeds the All Ordinaries Accumulation Index for the annual period, provided that the performance is positive.

The term of the current investment management agreement will expire on 4 February 2029.

Further information on the Investment Manager is available from www.clime.com.au.

6.3. Trust Deed

Trust Deed

The Trust Deed governs the terms and conditions on which the CAM Notes are to be issued and is subject to the Corporations Act and ASX Listing Rules. Schedule 1 to the Trust Deed contains the terms of issue of the Notes (**Note Terms**). The Note Terms that apply to the CAM Notes offered under this Prospectus are set out in Section 9 of this Prospectus.

The following is a summary of the material provisions of the Trust Deed. To obtain a complete understanding of the Trust Deed, it is necessary to read it in full. Copies of the Trust Deed are available free of charge on request by a person during the Offer period from the Company office on 1300 788 568 or alternatively by emailing info@clime.com.au.

Legal Nature of the Notes

- (d) are convertible into Shares on and in accordance with the Note Terms;
- (e) rank equally between themselves;

- (f) do not carry a right to vote at any general meeting of Shareholders or to dividends paid by the Company.

The Company's obligations in relation to the CAM Notes, as constituted by and specified in the Trust Deed, are to the Trustee and to those persons who are registered as Noteholders. No note certificates will be issued by the Company unless the Company determines such evidence should be made available or is required by law, the Listing Rules or the ASX Settlement Operating Rules.

Declaration of Trust

 - (iii) comply with any conditions to which any of the Authorisations are subject.

Trustee's undertakings

Under the Trust Deed, the Trustee makes certain undertakings including that it will:

- (a) act honestly and in good faith in the performance of its functions as Trustee, and show the degree of care and diligence required of a trustee having regard to the extent of its rights and obligations under the Trust Deed;
- (b) act continuously as Trustee until either the Trust is terminated, or it retires or is removed in accordance with the Trust Deed;
- (c) comply with all duties imposed on it under the Corporations Act and satisfy at all times the requirements to be appointed and act as a trustee as provided for in section 283AC(1) and 283AC(2) of the Corporations Act;
- (d) subject to the provisions of the Trust Deed and the Trustee's general duties as trustee at law, in equity or by statute, not interfere with the conduct of the ordinary business of the Company; and
- (e) hold, and account for, the Trust Fund separate from any other property owned or administered by it,

without being responsible, or liable to any person, for any loss occasioned by so doing unless the Trustee has been guilty of fraud, wilful default or gross negligence.

Powers of the Trustee

In addition to those powers arising under law, the Trustee has certain powers and discretions as set out in the Trust Deed, including the power:

- (a) exercise all Powers under the Trust Deed and any other document to which it is party in its capacity as trustee of the Trust (including those Powers conferred on trustees generally by statute and those conferred on trustees generally by law or equity) as if the Trustee were the absolute and beneficial owner of the Trust Fund and such documents;
- (b) enter into such other documents in its capacity as trustee of the Trust as it is authorised to from time to time by the Noteholders;

- (e) to delegate its functions; and
- (f) amend the Trust Deed in certain circumstances without the approval of Noteholders.

Limited liability and indemnity of Trustee

The liability of the Trustee is limited in the manner set out in the Trust Deed.

Fees and expenses

In consideration for the management services provided to the Company in relation to the Offer, the Company will pay the Lead Manager a fixed fee of \$250,000 (excluding GST) on the Settlement Date.

In addition, the Company will pay the Lead Manager a management and selling fee of 2% (excluding GST) of the proceeds raised by the Lead Manager under the Broker Firm Offer.

6.5. Constitution

This Section 6.5 is a summary of some provisions of the Company's Constitution which relate to meeting procedures, Director appointments and Director remuneration.

(a) Meeting procedures

Each Shareholder, the Directors, the ASX and the auditor of the Company are entitled to receive notice of any general meeting of the Company. The Company is obliged to convene and hold an annual general meeting once every year within 5 months of the end of the Company's financial year.

(b) Directors' remuneration

The Directors are to be paid out of the funds of the Company as remuneration for their services as directors such amount as the Company in general meeting of Shareholders determines, to be divided among them as they agree or in default of agreement equally among the Directors. The Directors' remuneration may not be increased except without the prior approval of Shareholders at a general meeting of Shareholders. The remuneration of the chairperson may be determined by the Directors.

The aggregate amount of fees that may be paid per annum to Non-Executive Directors is \$200,000 (inclusive of statutory entitlements).

Any Director with the concurrence of the Directors performs extra services or makes any special exertions for the benefit of the Company, or who otherwise performs services which in the opinion of the Board are outside the scope of the ordinary duties of a director, or who at the request of the Board engages in any journey on the business of the Company, may be paid extra remuneration as determined by the Board having regard to the value to the Company of the extra services or special exertions and subject to applicable law.

Any Director may be paid a retirement benefit as consideration for or in connection with retirement, as determined by the Board, in accordance with the Law and the Listing Rules.

6.6. Rights attaching to CAM Notes

The rights attaching to the CAM Notes are contained in the CAM Note Terms, which are contained in Section 9.

6.7. Rights attaching to Shares

The shares issued on conversion of the Notes will be fully paid ordinary shares (**Shares or Ordinary Shares**) and will rank equally with all existing Shares on issue in all respects, except that they will not be entitled to any dividend or any other distribution or entitlement that has not been paid as at the Conversion Date but for which the record date was prior to the Conversion Date. The rights attaching to the Shares are set out in the Constitution and the Corporations Act. A copy of the Constitution is available free of charge from the Company to any person who requests a copy during the Offer period in relation to this Prospectus. To obtain a copy of the Constitution contact the Company office on 1300 788 568 or alternatively email info@cclime.com.au.

The following is a broad summary of the rights which attach to the Shares. It is not intended to be an exhaustive or definitive summary of the rights attaching to the Shares.

(a) Rights of Shareholders

Each Shareholder has the right to receive notices of and to attend general meetings of the Company.

All Shares rank, in a winding up of the Company and entitlement to dividends, equally with each other in proportion to the amount paid up or deemed to be paid up on the Shares.

(b) Voting rights

Subject to restrictions under applicable law on voting from time to time affecting any particular Shareholder or any class of shares and subject to any contrary provisions of the Constitution, at a meeting of Shareholders, each Shareholder entitled to vote may vote in person or by proxy or attorney or, being a corporation, by a duly authorised representative, and has one vote on a show of hands and one vote per Share on a poll for each fully paid Share held, and for each partly paid Share

held, a vote having the same proportionate value as the proportion to which the Shares have been paid up. Voting may be in person or by proxy, attorney or representative.

(c) Dividends

Subject to the Corporations Act, the ASX Listing Rules and the ASX Settlement Operating Rules, the Directors may determine that a dividend is payable on Shares. The Directors may fix the amount of the dividend, whether the dividend is franked, the franking percentage and the franking class, the time for determining entitlements to the dividend, the time for payment and the method of payment of a dividend. The method of payment may include any or all of the payment of cash, the issue of shares or other securities, the grant of options and the transfer of assets. The Company is not required to pay any interest on a dividend. Subject to any rights or restrictions attached to a class of shares, the person entitled to a dividend on a share is entitled to:

- (a) if the share is fully paid (whether the issue price of the share was paid or credited or both) the entire dividend; and
- (a) if the share is partly paid, a proportion of that dividend equal to the proportion which the amount paid (excluding amounts credited) on that share is of the total amounts paid or payable (excluding amounts credited) on that share.

Dividends must only be paid in accordance with applicable laws and the Constitution. CAM is restricted under the Corporations Act from paying dividends unless:

- (a) CAM's assets exceed its liabilities immediately before the dividend is determined and the excess is sufficient for the payment of the dividend;
- (b) The payment of the dividend is fair and reasonable to Shareholders as a whole; and
- (c) The payment of the dividend does not materially prejudice CAM's ability to pay its creditors.

(d) Transfer

Subject to the Constitution, the Corporations Act, the ASX Listing Rules and ASX Settlement Operating Rules, Shares are freely transferable. The Directors may refuse to register a transfer of Shares or apply a holding lock to prevent a transfer of Shares where the Corporations Act, the ASX Listing Rules and the ASX Settlement Operating Rule permits the Company to do so.

(e) Winding-up

Subject to the preferential entitlement of preference shareholders, on a winding up of the Company:

- (a) any surplus must be divided among the Shareholders in the proportions which the amount paid (including amounts credited) on the Shares of a Shareholder is of the total amounts paid and payable (including amounts credited) on the Shares of all Shareholders; and
- (b) the liquidator may, with the sanction of a special resolution of the Shareholders, distribute among the Shareholders the whole or any part of the property of the Company and decide how to distribute the property as between the Shareholders or different classes of Shareholders.

At present the Company has no preference shares or shares with preferential rights on issue and has no current plans to create further classes of shares.

(f) Variation of rights

At present, the Company only has Ordinary Shares on issue and has no current plans to create further classes of shares.

Subject to the Corporations Act and the terms of issue of shares in a particular class, the rights attaching to any class of shares such as the Shares can only be varied if the variation is approved in

writing by holders of that class of shares holding at least 75% of the total number of issued shares of that class, or by a special resolution passed at a separate meeting of shareholders holding shares in that class.

(g) Issue of further Ordinary Shares

Subject to Shareholder approvals required under the listing Rules, the Directors control the issue of Ordinary Shares. Subject to the Corporations Act, the Constitution and the Listing Rules, the Directors may issue further Ordinary Shares, preference shares, other securities and grant options over Ordinary Shares, on such terms and conditions as the Directors determine.

7. ADDITIONAL INFORMATION

7.1. No breaches of loan covenants or debt obligations

CAM has not breached any loan covenants or capital market debt obligations in the two years prior to the date of this Prospectus.

7.2. Compliance with chapter 2M and section 674 of the Corporations Act

As at the date of this Prospectus, CAM has complied with the provisions of Chapter 2M of the Corporations Act as they apply to CAM and with section 674 of the Corporations Act.

7.3. Continuous reporting and disclosure obligations

This Prospectus is a transaction specific prospectus issued by CAM in accordance with the applicable provisions of the Corporations Act for a prospectus for continuously quoted securities. It has been prepared in accordance with section 713 of the Corporations Act and *ASIC Corporations (Offers of Convertibles) Instrument 2016/83*.

In general terms, a transaction specific prospectus is only required to contain information about the effect of the issue of securities on a company and the rights attaching to the securities. It is not necessary to include general information about all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

The Company is subject to regular reporting and disclosure obligations because it is a 'disclosing entity' for the purposes of the Corporations Act. These obligations require that CAM prepare both yearly and half-yearly financial statements and a report on the operations of CAM during the relevant accounting period together with an audit or review report by its auditor. Copies of these documents and other documents lodged with ASIC by CAM may be obtained from, or inspected at, an ASIC office.

Additionally, as a listed company, the Company is subject to the Listing Rules which require disclosure to ASX of any information the Company has which a reasonable person would expect to have a material effect on the price or value of CAM's securities unless exceptions from disclosure apply under the Listing Rules.

Section 713 of the Corporations Act (as modified by *ASIC Corporations (Offers of Convertibles) Instrument 2016/83*) enables a company to issue a transaction specific prospectus where the securities offered are continuously quoted securities (within the meaning of that term in the Corporations Act) or securities convertible into continuously quoted securities. This generally means that the relevant securities are in a class of securities that were quoted enhanced disclosure securities at all times during the 3 months before the date of the prospectus and that, during the 12 months before the date of the prospectus, the issuing company was not exempted from the

continuous disclosure regime and disclosing entity requirements provided for under the Corporations Act and the Listing Rules.

The content requirements for a transaction specific prospectus under Section 713 of the Corporations Act require that the prospectus contain:

- (a) information regarding the effect of the Offer on CAM;
- (b) information regarding the rights and liabilities attaching to the CAM Notes and the Ordinary Shares (underlying securities that the CAM Notes may be converted into);
- (c) statements detailing that, as a disclosing entity, CAM is subject to regular reporting and disclosure obligations, and that copies of documents lodged with ASIC in relation to CAM may be obtained from, or inspected at, an ASIC office; and
- (d) a statement informing people of their right to obtain a copy of certain financial documents and continuous disclosure notices and noting that copies will be provided free of charge if requested during the application period for the prospectus.

CAM believes, after having made reasonable enquiry, that it has complied in full with, and has not been exempted from, the general and specific requirements of ASX (as applicable throughout the 12-month period prior to the date of this Prospectus) which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of the ASX making that information available to the stock market conducted by ASX.

To meet the specific disclosure requirements for a transaction specific prospectus set out in section 713(5) of the Corporations Act, the prospectus must also incorporate information if such information:

- (a) has been excluded from a continuous disclosure notice in accordance with the Listing Rules; and
- (b) is information that investors and their professional advisors would reasonably require for the purpose of making an informed assessment of:
 - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the body; and
 - (ii) the rights and liabilities attaching to the securities being offered.

The prospectus must contain this information only to the extent to which it is reasonable for investors and their professional advisors to expect to find such information in the prospectus.

In addition, CAM has committed to publish on its website at the end of each quarter, a copy of each 283BF Report lodged with ASIC (as soon as practicable after providing it to the Trustee).

ASX maintains records of company announcements for all companies listed in ASX. CAM's announcements may be viewed on ASX's website. Copies of ASX announcements are available on the ASX website (www.asx.com.au) or the Company's website at www.clime.com.au.

Allocations to Broker Firm Applicants by a Participating Broker are at the discretion of that Participating Broker.

- (d) **(Clearing System)** For such time as the Notes are quoted on ASX, the rights of a person holding an interest in the Notes are subject to the rules and regulations of the Clearing System.
- (e) **(No certificates)** No certificates will be issued to Noteholders unless the Issuer determines that certificates should be available or are required by any applicable law.
- (f) **(ASX quotation of Notes)** The Issuer must use all reasonable endeavours and furnish all such documents, information and undertakings as may be reasonably necessary in order to procure that the Notes are, and until Redeemed or Converted remain, quoted on ASX.
- (g) **(Participating in the new issues)** To the maximum extent permitted by the Corporations Act, the ASX Listing Rules and any other applicable laws, Noteholders will be eligible to participate in any future rights on the basis of Notes held at the time of any rights issue. This eligibility to participate in any rights issues is in addition to a right for a Noteholder to participate in any rights issue on the basis of Shares in the Issuer also held by a Noteholder.
- (h) **(No other rights)** The Notes confer no rights on a Noteholder:
 - (i) to vote at any meeting of members of the Issuer; or
 - (ii) to otherwise participate in the profits or property of the Issuer, except as set out in these Note Terms or the Transaction Documents.

9.2. INTEREST

 - (ii) Interest is payable in arrears on each Interest Payment Date.
- (b) **(Calculation of Interest Rate and Interest payable)**
- (i) The Issuer must, as soon as practicable in each Interest Period, calculate the amount of interest payable for that Interest Period in respect of the Face Value of each Note.
 - (ii) The amount of interest payable on each Note for an Interest Period is calculated according to the following formula:
- $$\text{Interest Payable} = \frac{\text{Interest Rate} \times \text{Face Value} \times N}{365}$$
- Where:
- N means, in respect of:
- (A) the first Interest Payment Date in respect of a Note, the number of days from (and including) its Issue Date to (but excluding) that first Interest Payment Date; and
 - (B) each subsequent Interest Payment Date, the number of days from (and including) the preceding Interest Payment Date to (but excluding) that Interest Payment Date or, as the case may be, the Maturity Date, Conversion Date or Redemption Date.
- (c) **(Notification of Interest Rate, Interest payable and other items)**
- (i) The Issuer must notify the Trustee and ASX (and any other stock exchange or other relevant authority on which the Notes are quoted) of:
 - (A) for each Interest Period, the amount of interest payable; and
 - (B) any amendment to the amount referred to in subclause (A) arising from any extension or reduction in any Interest Period or calculation period.
 - (ii) The Issuer must give notice under this clause 9.2(c) of the amount of interest on each Note for the Interest Period by no later than the 10th Business Day of that Interest Period.
 - (iii) The Issuer may amend its calculation or determination of any amount, item or date (or make appropriate alternative arrangements by way of adjustment) as a result of the extension or reduction of the Interest Period or calculation period without prior notice but must notify the Trustee and ASX (and any other stock exchange or other relevant authority on which the Notes are quoted) promptly after doing so.
- (d) **(Default Interest)** If an amount is not paid under these Note Terms on or before the due date, interest accrues on the unpaid amount at eight per cent per annum from (and including) the due date to (but excluding) the date on which payment is made to the Noteholder of the full unpaid amount.

- (e) **(Determination final)** The determination by the Issuer of all amounts, rates and dates falling to be calculated or determined by it under these Note Terms is, in the absence of manifest or proven error, final and binding on the Issuer, the Trustee and each Noteholder.
- (f) **(Calculations)** For the purposes of any calculations required under these Note Terms:
 - (i) all figures must be rounded to three decimal places (with 0.0005 being rounded up to 0.001); and
 - (ii) all amounts that are due and payable must be rounded to the nearest one Australian cent (with 0.5 of a cent being rounded up to 1 cent).

9.3. CONVERSION

- (a) **(Notes are Convertible)** Subject to these Note Terms and the ASX Listing Rules, the Noteholder has the right **(Conversion Right)**, in accordance with this clause 9.3, to convert some or all of its Notes into a number of Shares determined by application of the following formula:

$\frac{A}{B}$ where:

A = the Conversion Amount; and

B = the Conversion Price.

- (b) **(Conversion at the Noteholder's election)**
 - (i) Subject to clause 9.3(b)(ii)(B), a Noteholder may elect in its absolute discretion to convert some or all of its Notes into Shares by giving the Registrar notice in writing of its intention to convert some or all of its Notes **(Conversion Notice)**.
 - (ii) In order to convert any Notes into Shares, either:
 - (A) the Face Value of the Notes the subject of a Conversion Right must be at least the lesser of \$2,000; or
 - (B) the Noteholder must convert the entire balance of their holding of Notes.
- (c) **(Conversion Notice)**
 - (i) A Conversion Notice must:
 - (A) be in writing (in such form as the Issuer may accept or as is required by the ASX Listing Rules);
 - (B) specify the number of Notes to be converted; and
 - (C) be signed by the Noteholder or an authorised representative or officer of the Noteholder.
 - (ii) Once a Conversion Notice has been given:
 - (A) the notice cannot be withdrawn without the written consent of the Issuer;
 - (B) the Noteholder must not deal with, transfer, dispose of or otherwise encumber any Notes the subject of the Conversion Notice; and
 - (C) the Noteholder must provide such evidence of title to the Notes the subject of the Conversion Notice as may be reasonably required by the Issuer and the Registrar.
 - (iii) Despite receipt by a Noteholder of a notice issued under clause 9.7(b), a Noteholder may still give a Conversion Notice provided the notice is given not less

than five Business Days before the Redemption Date specified in the notice issued under clause 9.7(b).

- (iv) A Conversion Notice given to the Issuer five or more Business Days before an Interest Payment Date will be effective on such date as may be determined by the Issuer (in its absolute discretion), provided that date is not later than the next Interest Payment Date following the date the notice is given.
 - (v) If a Conversion Notice is given to the Issuer less than five Business Days before an Interest Payment Date (**Date 1**), the Conversion Notice will be effective on such date as may be determined by the Issuer (in its absolute discretion), provided that date is not later than the next Interest Payment Date following Date 1.
 - (vi) A Conversion Notice will not be effective if it is given less than five Business Days before the Maturity Date.
- (d) **(Effect of Conversion)** On the Conversion Date:
- (i) the Noteholder's Notes which are the subject of a Conversion Notice will be Redeemed for the Conversion Amount, and the Noteholder will be taken to have agreed to pay the Conversion Amount to the Issuer by way of subscription for new Shares (**Conversion Shares**) at an issue price per Conversion Share that is equal to the Conversion Price, with each obligation to pay the Conversion Amount to be satisfied by way of mutual set-off;
 - (ii) the Issuer will issue to the Noteholder, and must register the Noteholder as the holder of, the Conversion Shares;
 - (iii) the Noteholder agrees to be registered as the holder of the Conversion Shares in the register of Members;
 - (iv) a holding notice in respect of the Conversion Shares is to be sent to the Noteholder at its registered address in respect of the relevant Notes;
 - (v) the Issuer must use all reasonable endeavours to procure and maintain quotation of the Conversion Shares on ASX; and
 - (vi) upon issue of the Conversion Shares, all other rights conferred, or restrictions imposed by the Note under these Note Terms will no longer have effect.
- (e) **(Ranking of Shares)** Shares issued on conversion of the Notes will be fully paid and will in all respects rank *pari passu* with all other fully paid Shares on issue on the relevant Conversion Date, except that they will not be entitled to any dividend or any other distribution or entitlement that has not been paid as at the Conversion Date but for which the record date was prior to the Conversion Date.
- (f) **(No fractional shares)** No fractional Shares will be issued on conversion of a Note. If the calculation under this clause results in an entitlement to a number of Shares which includes a fraction of a Share, the fraction will be disregarded.
- (g) **(Adjustments for reorganisation of capital)** Subject to the ASX Listing Rules, if there is a reconstruction (including consolidation, subdivision, reduction or return) of the issued capital of the Issuer, the basis for conversion of the Notes will be reconstructed in the same proportion as the issued capital of the Issuer is reconstructed and in a manner which will not result in any additional benefits being conferred on the Noteholders which are not conferred on Shareholders (subject to the same provisions with respect to rounding of entitlements as sanctioned by the meeting of Shareholders approving the reconstruction

of capital) but in all other respects the terms for conversion of the Notes will remain unchanged.

9.4. REDEMPTION

- (a) **(Scheduled redemption on Maturity Date)** Each Note is Redeemable by the Issuer on the Maturity Date at its Face Value unless:
 - (i) the Note has been previously Converted;
 - (ii) the Note has been previously Redeemed; or
 - (iii) the Note has been purchased by the Issuer and cancelled.
- (b) **(Purchase)** Subject to compliance with any applicable law or requirement of ASX (and any stock exchange or other relevant authority on which the Notes are quoted):
 - (i) the Issuer and any of its Related Bodies Corporate (or any third party nominated by the Issuer) may, at any time, purchase Notes in the open market or otherwise and at any price;
 - (ii) if purchases are made by tender for the Notes by the Issuer or any of its Related Bodies Corporate, tenders must be available to all Noteholders alike; and
 - (iii) Notes purchased under this clause 9.4(b) may be held, resold or cancelled at the discretion of the purchaser (and, if the Notes are to be cancelled, the Issuer).
- (c) **(Early Redemption)**
 - (i) A Noteholder may require the Issuer to Redeem all of its Notes for \$1.00 per Note on 22 August 2025 by giving a Redemption Election Notice to the Issuer on or before the Redemption Notice Date. This clause 5.3 is only effective up to 22 August 2025.
 - (ii) If a Noteholder gives a valid Redemption Election Notice in accordance with clause 5.3(a) the Issuer must pay to the Noteholder the full redemption amount and all accrued interest.

9.5. STATUS, SECURITY AND RANKING

- (a) **(Status)** The Notes at all times constitute unsecured debt obligations of the Issuer.
- (b) **(No Security)** The Notes are unsecured.
- (c) **(Ranking of Notes)**
 - (i) Each Note ranks for payment in a Winding Up of the Issuer:
 - (A) equally with each other Note;
 - (B) equally with all present and future unsubordinated and unsecured debt obligations of the Issuer (subject to the laws and principles of equity affecting creditor rights or obligations preferred by mandatory provisions of applicable law); and
 - (C) ahead of all Shares.
 - (ii) Without in any way limiting the Issuer's obligations to Redeem the Notes as set out herein, in order to give effect to the ranking specified in clause 9.5(c), in any Winding Up of the Issuer, the Noteholders agree that their claims are limited to the extent necessary to ensure that Noteholders of the Notes receive payments on a pro-rata basis.

- (iii) Without in any way limiting the Issuer's obligations to Redeem the Notes as set out herein, neither the Trustee nor any Noteholder has any right to prove in a Winding Up of the Issuer in respect of the Notes, except on the basis set out in clauses 9.5(a) and 9.5(b).
- (iv) Neither the Trustee nor any Noteholder may exercise voting rights as a creditor in respect of the Notes in a Winding Up of the Issuer to defeat the subordination in this clause.
- (v) The ranking of Notes is not affected by the date of registration of any Noteholder in the Register.

9.6. NEGATIVE COVENANTS

For so long as any of the Notes remain outstanding, the Issuer must not, without the approval of an Ordinary Resolution, incur any indebtedness that would cause the Issuer's total indebtedness to exceed 40% of the Issuer's total assets.

9.7. EVENTS OF DEFAULT

- (a) **(Events of Default)** An Event of Default occurs in relation to the Notes if:
 - (i) **(non-issue of Shares)** the Issuer fails to issue Shares on Conversion in accordance with these Note Terms within 10 Business Days after the date on which such issue is to be made;
 - (ii) **(non-payment)** the Issuer fails to pay any amount payable by it under the Note Terms and such default is not remedied within 3 Business Days;
 - (iii) **(breach of Negative Covenants)** the Issuer fails to comply with clause 7 and such failure remains unremedied for a period of 10 Business Days;
 - (iv) **(breach of other obligations)** the Issuer fails to comply with any of its other obligations under the Note Terms or the Transaction Documents and such failure remains unremedied for a period of 10 Business Days after the earlier of (A) the Issuer receiving written notice from the Trustee in respect of the failure to comply and (B) the Issuer becoming aware of the failure to comply;
 - (v) **(insolvency)** an Insolvency Event occurs in respect of the Issuer;
 - (vi) **(delisting)** a Delisting Event occurs in respect of the Issuer;
 - (vii) **(cessation of business)** the Issuer ceases or suspends (or threatens to cease or suspend) the conduct of all of its business or a substantial part of its business;
 - (viii) **(unlawfulness)** at any time, it is unlawful for the Issuer to perform any of its payment obligations under the Notes;
 - (ix) **(Government Agency)** all or substantially all of the assets of the Issuer are resumed, or compulsory acquired by any Government Agency; or
 - (x) **(vitiation)** all or any rights or obligations of the Issuer, Noteholders or the Trustee under the Trust Deed or the Note Terms are terminated or are or become void, illegal, invalid, unenforceable or of limited force and effect.
- (b) **(Notification)** If an Event of Default occurs, the Issuer must, promptly after becoming aware of it but in any event no later than two Business Days after the Event of Default occurs, notify the Trustee of the occurrence of the Event of Default (specifying details of it) and use its reasonable endeavours to promptly notify the Noteholders and ASX (and any other stock exchange or other relevant authority on which the Notes are quoted) of the occurrence of the Event of Default. The Trustee is taken not to have knowledge of the

occurrence of an Event of Default unless the Trustee has received written notice from the Issuer or a Noteholder stating that an Event of Default has occurred and describing it. Nothing contained in the Trust Deed imposes on the Trustee an obligation to inform any Noteholder of any breach by the Issuer of any provision of the Trust Deed.

(c) **(Consequences of an Event of Default)**

- (i) If an Event of Default occurs and is continuing in relation to the Notes, the Trustee may:
 - (A) declare by notice to the Issuer (with a copy to the Noteholders and the Registrar) that all the Notes are to be Redeemed at their Face Value (together with any accrued Interest) immediately (but not earlier than 10 Business Days after the date the Trustee gives notice under this clause) or on such other date specified in that notice; or
 - (B) take enforcement action against the Issuer in relation to the Event of Default in accordance with the Transaction Documents.
- (ii) The Trustee shall not be bound to take the action referred to in clause 9.7(c)(i) above to enforce the obligations of the Issuer in respect of the Notes or any other proceedings or action pursuant to or in connection with the Transaction Documents unless:
 - (A) it shall have been so directed by a Special Resolution of the Noteholders of the relevant Notes;
 - (B) it is indemnified, to its satisfaction, against all costs, charges, liabilities and expenses which may be incurred by it (including legal costs on a solicitor and own client basis) in connection with that action;
 - (C) it is first placed in funds sufficient to cover the costs that it may incur as a result of doing so; and
 - (D) it is not restricted or prohibited from taking such action by any order of any competent court or any applicable law.
- (iii) If the Trustee forms the view that such action is or could be inconsistent with these Note Terms, the Transaction Documents or the Corporations Act or any applicable law, it must take steps to seek (and, if the court so determines, to obtain) as soon as reasonably practicable a court direction or order to set aside or vary the direction given by Special Resolution, and, while those steps are underway, the Trustee is not obliged to take any action or proceedings it has been directed to take by Special Resolution.

- (d) **(No enforcement by Noteholders)** Unless the Trustee, having become obliged to take action to enforce the rights of the Noteholders under the Transaction Documents and these Note Terms, fails to do so within 20 Business Days of being obliged to do so and such failure is continuing, the rights of each Noteholder to enforce the obligations of the Issuer under the Notes are limited to the exercise of its rights to enforce and seek due administration by the Trustee of the Trust Deed. In particular, unless the Trustee, having become obliged to take action to enforce the rights of the Noteholders under the Transaction Documents and these Note Terms, fails to do so within 20 Business Days of being obliged to do so and such failure is continuing, no Noteholder may, with respect to payment of any amount due under the Notes held by it:

- (i) sue the Issuer;
- (ii) obtain judgment against the Issuer; or
- (iii) apply for or seek Winding Up of the Issuer.

9.8. TITLE AND TRANSFER OF NOTES

- (a) **(Title)** Title to a Note passes when details of the transfer are entered in the Register.
- (b) **(Effect of entries in Register)**
 - (i) Each entry in the Register in respect of a Note constitutes:
 - (A) an unconditional and irrevocable undertaking by the Issuer to the Noteholder to pay principal, interest and any other amount in accordance with these Note Terms; and
 - (B) an entitlement to the other benefits given to Noteholders under these Note Terms and the Transaction Documents in respect of the Note.
 - (ii) For the avoidance of doubt, an entry in the Register does not make the Noteholder a Member of the Issuer or confer rights on a Noteholder to attend or vote at meetings of Members of the Issuer.
- (c) **(Register conclusive as to ownership)** Entries in the Register in relation to a Note constitute conclusive evidence that the person so entered is the absolute owner of the Note, subject to correction for fraud or manifest error.
- (d) **(Non-recognition of interests)** Except as required by law, the Issuer, the Trustee and the Registrar must treat the person whose name is entered in the Register as the holder of a Note as the absolute owner of that Note. This clause (d) applies whether or not a Note is overdue and despite any notice of ownership, trust or interest in the Note.
- (e) **(Joint holders)** Where two or more persons are entered in the Register as the joint holders of a Note, then they are taken to hold the Note as joint tenants with rights of survivorship, but the Registrar is not bound to register more than four persons as joint holders of any Note.
- (f) **(Transfers in whole)** The Notes may be transferred in whole but not in part.
- (g) **(Transfer)**
 - (i) A Noteholder may, subject to this clause 9.8, transfer any Notes:
 - (A) by a proper ASTC transfer according to the ASX Settlement Operating Rules;
 - (B) by a proper transfer under any other computerised or electronic system recognised by the Corporations Act;
 - (C) under any other method of transfer which operates in relation to the trading of securities on any securities exchange outside Australia on which the Notes are quoted; or
 - (D) by any proper or sufficient instrument of transfer of marketable securities under applicable law.
 - (ii) The Issuer must not charge any fee on the transfer of a Note.
- (h) **(Market obligations)** The Issuer must comply with all Applicable Regulations and any other relevant obligations imposed on it in relation to the transfer of a Note.
- (i) **(Issuer may request holding lock or refuse to register transfer)** If the Notes are quoted on ASX, and if permitted to do so by the ASX Listing Rules and the Corporations Act, the Issuer may:
 - (i) request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of Notes approved by and registered on the CS

- Facility's electronic sub-register or Notes registered on an issuer-sponsored sub-register, as the case may be; or
- (ii) refuse to register a transfer of Notes.
- (j) **(Issuer must request holding lock or refuse to register transfer)**
- (i) The Issuer must request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of Notes approved by and registered on the CS Facility's electronic sub-register or Notes registered on an issuer-sponsored sub-register, as the case may be, if the Corporations Act, the ASX Listing Rules or the terms of a Restriction Agreement require the Issuer to do so.
 - (ii) The Issuer must refuse to register any transfer of Notes if the Corporations Act, the ASX Listing Rules or the terms of a Restriction Agreement require the Issuer to do so.
 - (iii) During a breach of the ASX Listing Rules relating to Restricted Securities, or a breach of a Restriction Agreement, the Noteholder of the Restricted Securities is not entitled to any Interest (or other distribution on), or voting rights in respect of, the Restricted Securities.
- (k) **(Notice of holding lock and refusal to register transfer)** If, in the exercise of its rights under clauses 9.8(i) and 9.8(j), the Issuer requests the application of a holding lock to prevent a transfer of Notes or refuses to register a transfer of Notes, it must, within five Business Days after the date the holding lock is requested or the refusal to register a transfer, give written notice of the request or refusal to the Noteholder, to the transferee and the broker lodging the transfer, if any. Failure to give such notice does not, however, invalidate the decision of the Issuer.
